WORKSHOP OBJECTIVE

Cheese Making 101 will explore the basics of cheese making and provide a good overview of different types of cheese making.

The 2 day workshop will consist of information session and hands on training in the Food Centre's federal facility. Key points of sanitation and applicable regulations will also be discussed. Smaller group size will allow for plenty of questions specific to your operation or business objective.

Each participant will receive a certificate of completion.

Fill out the attached registration form and choose your payment option.

If you require further information, contact Erin Hiebert at (306) 964-1818 or email: ehiebert@foodcentre.sk.ca.
